

## SPECIFICATION

Tests	Specifications
Appearance	White to off white crystalline powder
Purity(HPLC) (%)	≥98.0
Specific Rotation $[\alpha]_D^{20}$	+100.0°±4.0° (C =1, DMF)
Melting Point	128.0-137.0°C
Identification (MS)	In accordance with the standard
Identification (NMR)	In accordance with the standard
